 3. In addition to meeting the qualifications provided in paragraph 1. or 2. of this section (1.B), in order to constitute a qualifying low-income customer, a customer must not already be receiving a Lifeline service (voice or broadband from either a wireless provider or fixed provider), and there must not be anyone else in the subscriber's economic household subscribed to a Lifeline service. Further, to receive a Lifeline Benefit for a broadband connection, the customer must subscribe to a broadband service that meets the minimum service standards set forth in section 54.408 of the FCC rules.
 4. The Universal Service Administration Company (USAC) has implemented the National Lifeline Eligibility Verifier through which all Lifeline applicants must be approved.
